SUMMARY

Computer Engineering diploma student with hands-on experience delivering full-stack web applications for clients. Built and deployed MERN-stack products with authentication, admin dashboards, database integration, and cloud-based image optimization. Exploring computer vision and AI applications.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, SQL, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, Firebase, JWT
Databases & Media: MongoDB, PostgreSQL, Cloudinary, ImageKit
Tools & Deployment: Git, GitHub, Postman, Vercel, Render

EXPERIENCE

Freelance Full-Stack Developer | Self-employed, Mumbai — **Feb 2026 – Present**

- Delivered two client projects from requirements gathering and development to deployment and handover, covering both e-commerce and wedding portfolio use cases.
- Managed client communication, feature implementation, debugging, and deployment while handling multiple projects simultaneously.

PROJECTS

CRAFTON — E-commerce Platform | MERN Stack, Cloudinary, REST APIs, Vercel, Render — **Feb 2026 – Present**

- Developed and deployed a full-stack e-commerce platform for a client, implementing product browsing, cart management, order tracking, and warranty claim workflows.
- Built an admin dashboard with role-based access to manage 500+ products, orders, and customers; integrated JWT authentication and Cloudinary for optimized image delivery.

Interview Prep AI — AI-Powered Interview Preparation Platform | Gemini API, Tailwind CSS — **Mar 2026 – Present**

- Built and deployed a responsive wedding portfolio website featuring galleries, love stories, testimonials, service packages, and booking inquiries.
- Developed an admin dashboard for content management and integrated ImageKit for image delivery and Framer Motion for interactive UI animations.

SignSpace — Gesture-Controlled AI Application | Python, OpenCV, MediaPipe, Machine Learning — **Aug 2026 – Oct 2026**

- Developing a computer-vision application using OpenCV and MediaPipe to enable real-time hand gesture recognition and gesture-controlled interactions.
- Implemented an air-drawing canvas and integrated real-time emotion detection to explore interactive, vision-based user experiences.

EDUCATION

Government Polytechnic, Mumbai — **Sep 2024 - Present**
Diploma in Computer Engineering | Current Percentage: 93.33% — *Mumbai, Maharashtra*

Guru Nanak High School, Mumbai — **March 2024**
SSC Board | 90.00% — *Mumbai, Maharashtra*

ACHIEVEMENTS

- **1st Place — Technical Quiz:** Secured first place among 20 teams.
- **GeeksforGeeks Campus Ranking:** Achieved Rank 9 among 172 registered users at Government Polytechnic Mumbai.
- **Problem Solving:** Solved **246+** coding problems across programming practice platforms.
- **Technical Engagement:** Participated in 10+ technical events to strengthen programming and technical knowledge.

LEADERSHIP

Class Representative (CR) | Government Polytechnic Mumbai — ***Jul 2025 – Dec 2026***

- Served as Class Representative for three consecutive semesters, coordinating academic activities and communicating student concerns to faculty.
- Supported coordination between students and faculty to facilitate academic updates and classroom communication.
